**UACEB-1** PROFESSIONAL CATCHER'S BAG

5 inner compartments organize helmet, accessories, gloves, shoes, and even a complete set of catcher's gear. Large outer compartment stores up to 4 bats.

**UACEB-1RB** PROFESSIONAL CATCHERS ROLLER BAG

This roller bag features a large center compartment which holds everything from helmets and gloves to shoes, bats, and a complete set of catcher's gear. The large outer compartment stores up to 4 bats.

Bag ships folded, yet interior rails telescope to give bag a rigid bottom throughout bag length. Wide wheel base is reinforced with wrap around plastic plate to prevent bag sag, and integrated skid rails protect bag while dragging up stairs and over curbs.

- UABH-100** SOLID ONE SIZE FITS ALL BATTING HELMET
- UABH-100TT** TWO-TONE ONE SIZE FITS ALL BATTING HELMET
- UABH-100M** MATTE ONE SIZE FITS ALL BATTING HELMET

The UABH-100 batting helmet features a One Size Fits All dual density foam liner system. The liner is breathable, moisture wicking, and none of the padding blocks any of the large vent ports. Pony-tail channel built into padding for softball players.

The shell, constructed from durable ABS plastic, has 12 large vent holes for maximum breathability. The shell is designed to deflect balls upon impact, provides extended cheek bone protection and coverage to protect a player's brain stem in the back of the neck.

Hardware is pre-mounted in the helmet making it ready to accept a batting helmet chin strap or batting helmet face guard. Lower batting helmet chinstrap snap is removable.

### ADVANCED COVERAGE

Today's most popular batting helmets are offering less and less coverage to the back of the head (Brain Stem & Spinal Cord). This vulnerable area is commonly exposed when avoiding being struck by a wild pitch or when trying to beat out a pitch stealing second. Under Armour® helmets are designed with a flared shell in the back to offer full coverage without restricting range of motion.

### SHELL VENTILATION + STRENGTH

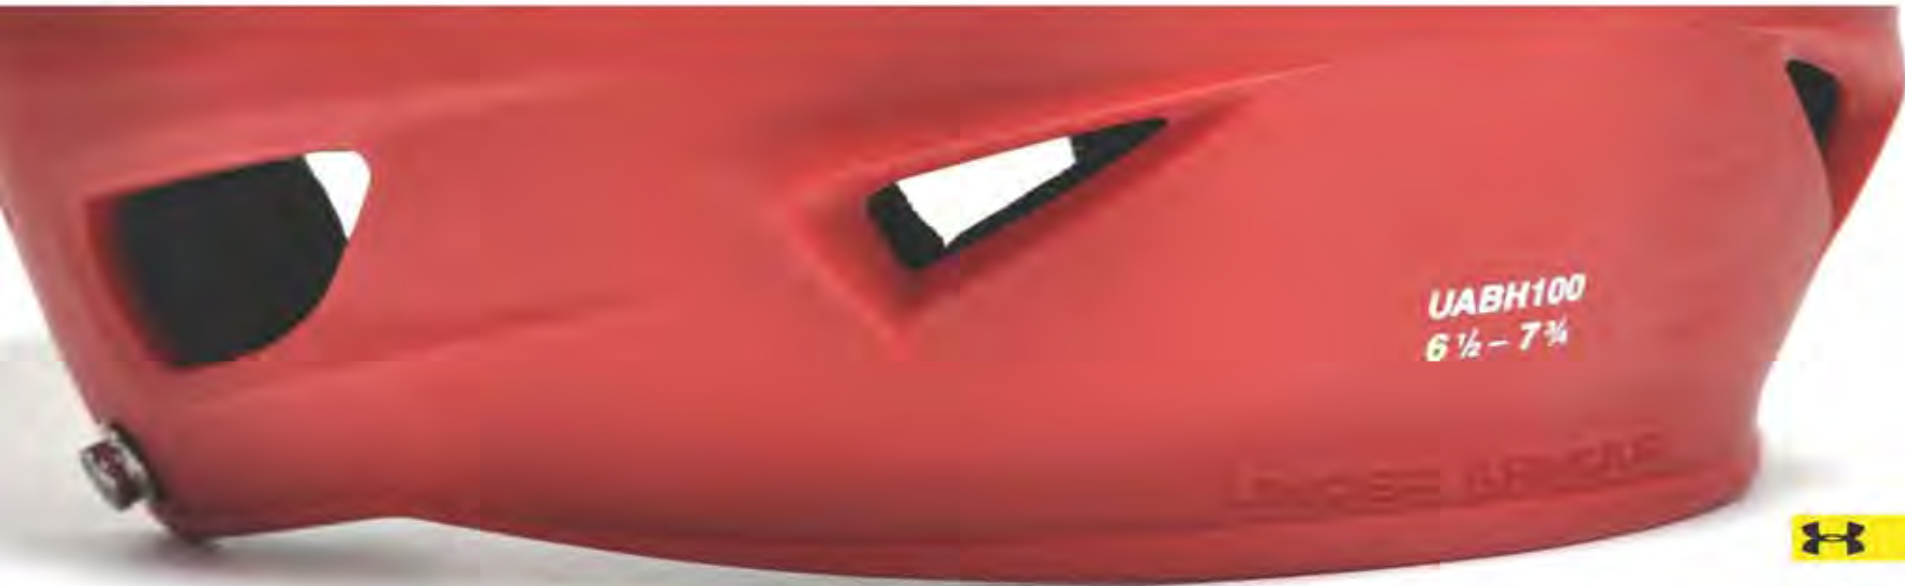

One of the most obvious features is the shell. 12 large vent ports throughout the shell are submerged so no foul tips will make direct contact. No vent ports are covered by any padding to allow for maximum air flow. All the ridges in the shell increase the strength and durability of the helmet while at the same time make it look oh so stylish.

### HIGH PERFORMANCE LINERS

Moisture wicking and fast drying liners in the batting helmets are both extremely comfortable and protective. The liners in the UABH-100 and UABH-200 helmets make these the best fitting helmets available. There are no pressure points and just the right amount of support give the helmets an amazingly light fit.

### HAND PAINTED

The two-tone helmet designs are by far the most unique looking around. Every single one of the Two-Tone and Matte helmets are hand painted.

**UABH-200 SOLID SIZED BATTING HELMET**

The UABH-200 batting helmet features a sized liner system for high school / college athletes or anyone who wants an individualized fit. The sized liner system is breathable, moisture wicking, and none of the padding blocks any of the large vent ports. Ears are fabric wrapped to increase durability.

The shell is constructed of a durable ABS plastic with 12 large vent holes for maximum breathability. Shell is designed to deflect balls upon impact as well as offering extended cheek bone protection and coverage to protect a player's brain stem in the back of the neck.

Hardware is pre-mounted in the helmet making it ready to accept a batting helmet chin strap or batting helmet face guard. Lower batting helmet chinstrap snap is removable.

**UABH-FGB** BASEBALL BATTING FACE GUARD

**UABH-FGS** SOFTBALL BATTING FACE GUARD

Batting helmet face guards attach effortlessly and securely in under one minute! Mask features a low-profile lightweight design which utilizes I-BAR VISION's™ high strength steel and provides the best sight-lines.

All Under Armour® batting helmets come ready to accept a batting face guard. Simply slide brackets over visor and screw in the included hardware to the mounting points of the helmet.

UABH-FGB and UABH-FGS work exclusively with Under Armour® batting helmets.
